HAND HELD TOOLS

A. 220 - PVA Towel absorbs 50% more than natural chamois. Extra large size: 17" x 27"

B. 210 - PVA Sponge Absorbs more than any other sponge. *PVA is a high tech synthetic material that is lint free and resists mold and mildew better than a regular sponge or towel.

C. 284 - Wash Mitt made from soft, absorbent fibers. Can be used wet or dry. Comfortable fit for hard to reach areas.

D. 285 - Deluxe Wash Mitt made from genuine lambs wool. Great for washing and polishing. Can be used wet or dry. Comfortable fit for hard to reach areas.

E. 251 - Snap-Stick .45oz tube lubricates and protects in one easy application

Snap and Zipper Lubricant

Snaps and zippers on awnings, straps and other items suffer the corroding effects of rain, dirt and grime. The result is often a mechanism that either sticks or rips the surrounding canvas or plastic. A simple alternative to fighting with snaps or zippers is a quick dab of Snap-Stick™ lubricant from Shurhold Industries.

Unlike gels, liquids or sprays, Snap-Stick lubricant can be applied directly to the head of a snap, along a zipper or even on the barrel of a hinge without causing a mess in the surrounding area. One application from the Snap-Stick tube can last up to three months. Its special ingredients are non-toxic, biodegradable, and won't harm fabrics, plastics or metals.
