

D&M

The background of the entire page is a photograph of a dry, cracked earth surface. Scattered across this surface are several fossilized oyster shells. The shells are light-colored, possibly white or light grey, with some showing a yellowish or brownish interior. The cracks in the earth are dark and irregular, creating a textured, cracked pattern.

CHAPTER 1

BRUISE

The green plant trend creates life in your home. Highlight your green plants in BRUISE pots in light, muted colors. The pots are made of 75% natural materials, such as coffee husks and straw, and 25% resin. Place BRUISE in your windowsill, on your table or on the floor – alone or together with other decorative items.

Sand, earth and an ode to childish wonder.
Rough rust and edgy bordeaux take the lead in
this chapter.

CHAPTER 2

ALLURE

The collection is characterized by exclusive shapes: vases with an extremely slim and on the other hand wide neck, two planters with lid, one planter without lid. Contrary to her contrasting shapes this collection represents a clear entity.

The perfect addition to a modern interior in which one might think outside of the box. Available in natural clay with splashes of colored glaze, and in fully glazed burgundy.

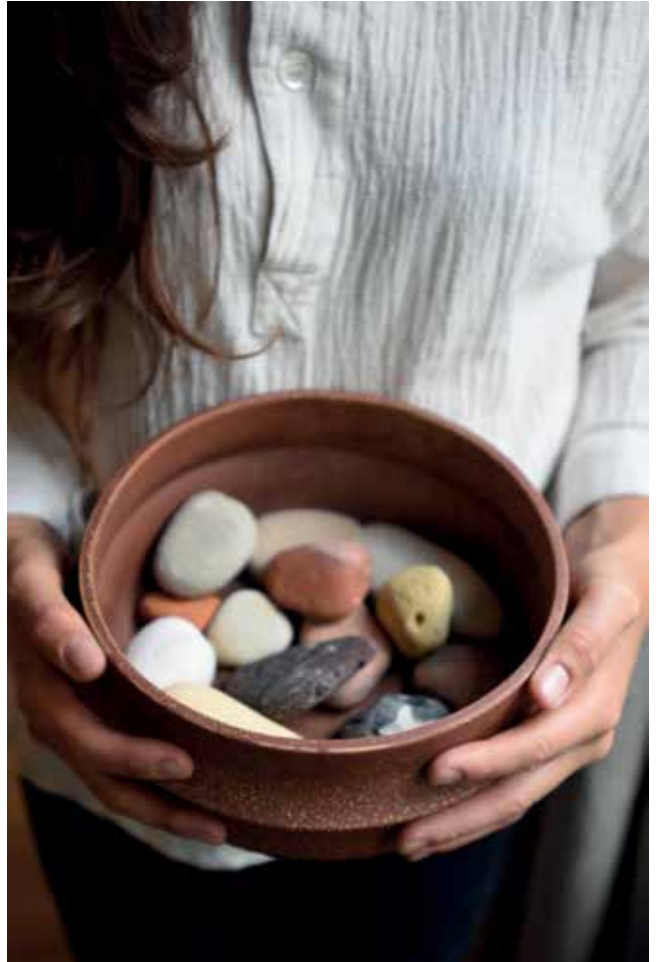

**COARSE**

A handturned collection, where two different types of clay were mixed to create a marble look. The collection's organic shapes add a cosy touch to any interior. Combine the vases with a variety of pot shapes and sizes from COARSE to create a unique and personal look.

Some of us like it modern, therefore we
created a chapter with modest colors.
White and grey, the ultimate combination for en-
dless opportunities

CHAPTER 3

55

TIME

Pillows and hassocks are a great way to define a space in a room. Our longing for rich materials made us fall immediately in love with the natural warmth and plain quality of wool.

56

LEAF

D&M created a planter and a table for decorative use in combination with plants and herbs. LEAF is designed for small spaces and creates a garden inside your home. It is made to take care of your favorite indoor plants. Holes in the hidden bottom ensure that excess water finds its way to the saucer integrated in the table.

FOCUS

Both plants and other interior decoration articles fit right in the wide planters and bowls of the FOCUS-collection. The dark shades of ochre and black radiate a heat that reverberates in your living room long after summer has gone.

A photograph of a yellow, stained cloth lying on a dark, cracked, and rocky surface. The cloth has several dark, irregular stains, possibly from oil or dirt. The ground is composed of dark grey, jagged rocks and cracks, suggesting a dry or volcanic environment. A white rectangular box is superimposed over the center of the image, containing the word "GLASS" in black, sans-serif capital letters.

SHOP IN SHOP

The D&M-in-shop concept was conceived and developed to present D&M products in an inspiring way in a shop or showroom environment, in line with the overall look and spatial constraints of the shop, the customer's wishes or options. Within this concept, the customer has a choice of three setups: D&M Spirit, a compact, stylish showroom area where you can display and present the D&M assortment, D&M Ambiance, a special D&M corner, with matching furniture, and D&M World, a D&M-in-shop where the D&M presentation is systematically integrated in the shop or showroom.

The D&M-in-shop concept is on display in the D&M showroom in Aartselaar. Store managers who are interested can discover the different possibilities by appointment.
