GIOBAGNARA

JANUARY 2022 — UPDATE

**GIORGIO BAGNARA,
FOUNDER AND CEO
OF GIOBAGNARA**

Born into a family renowned for cultivating for three generations the art of living, Giorgio Bagnara became passionate about his calling at a very early age. In the late Nineties, after noticing that leather from the fashion industry was not considered enough as material for home accessories, he founded GIOBAGNARA with the goal of applying it to a complete collection. Along with his wife, Vanessa, he decided to move his design studios and workshops in the old docks of the Port of Genoa where, surrounded by the essence and beauty of that location, the company took a significant step forward.

GIOBAGNARA

Renowned for its elegant creations that convey luxury without ostentation, GIOBAGNARA adheres to the highest standards of craftsmanship. By pursuing a philosophy that incorporates traditional know-how with leading-edge technologies, and offering a limitless color palette of quality leathers and suede, founder Giorgio Bagnara has been able to experiment and push the technical boundaries of his craft in order to create pieces that are both beautiful and functional. Launched in 1999, the GIOBAGNARA brand has quickly earned a reputation for expert leather workmanship, and its founder has become a key partner for a large number of interior designers as well as a select group of yacht and private jet designers who rely on his specialized knowledge to realize made-to-measure commissions.

In 2015, Giorgio Bagnara expanded his leather goods portfolio with the acquisition of saddle leather specialist RABITTI1969. In 2017, Bagnara initiated a collaboration with French designer Stéphane Parmentier, who was appointed creative director of GIOBAGNARA and its affiliate brands. In 2018, the company’s portfolio grew with the strategic acquisition of PIGMENT FRANCE, a respected company with specialized skills in leather covering and the weaving of wicker, rattan and straw.

Today, two decades after its launch, GIOBAGNARA counts more than 60 employees. The brand now boasts an impressive offer of quality leather homewares and is ready to embark on its next exciting chapter.

HERITAGE VALET TRAYS

Showcasing ancient mottos taken from the latin tradition, the Heritage collection features walnut and wenge wood valet trays with printed leather lining.

Heritage valet trays' essential geometric shapes make them ideal for any environment while enhancing the quality and charming naturality of materials.

Find the translation in different languages at the back of the valet trays.

Walnut wood finishes available:
walnut / wenge.

PIGMENT

F R A N C E

by GIOBAGNARA

JANUARY 2022 — UPDATE

GIORGIO BAGNARA, FOUNDER AND CEO OF GIOBAGNARA

Born into a family renowned for cultivating for three generations the art of living, Giorgio Bagnara became passionate about his calling at a very early age. In the late Nineties, after noticing that leather from the fashion industry was not considered enough as material for home accessories, he founded GIOBAGNARA with the goal of applying it to a complete collection. Along with his wife, Vanessa, he decided to move his design studios and workshops in the old docks of the Port of Genoa where, surrounded by the essence and beauty of that location, the company took a significant step forward.

PIGMENT FRANCE BY GIOBAGNARA

The respected luxury brand PIGMENT FRANCE, which joined the GIOBAGNARA group in January 2018, is a master at enhancing tableware and appliances with different materials such as straw, willow, rattan and, of course, several types of leather, bringing a new luxury to everyday objects.

The pieces presented in the collection pay homage to the creative variety and timeless poetry born from the meticulous craftsmanship of these elements.

Looking to the PIGMENT FRANCE workshop with its expert artisans, GIOBAGNARA aims to preserve and further develop the huge potential of this lifestyle manufacture. French manual skills and craftsmanship shine through in the beauty of its products, heritage and identity. GIOBAGNARA wants to introduce the brand to a more international audience that respects these values.

PIGMENT FRANCE creations live through time, as they represent the combination of industry and talent; the world is fascinated by the products from this land, by the care in the selection of raw materials as well as by the search for top-notch quality and creativity in each and every stage of the production chain.

As John Ruskin once wrote: “Quality is never an accident, it is always the result of high intention, sincere effort, intelligent direction and skillful execution; it represents the wise choice of many alternatives, the cumulative experience of many masters of craftsmanship.”

NARTELLE
BUCKET BAGS

Made with the finest woven leather and rattan, this collection of bucket bags boasts a casual yet sophisticated attitude: the elegant shiny calfskin and the gentle freshness of rattan complement each other perfectly. The structured basket style reveals, when opened, a cotton lining featuring a leather drawstring closure which adds a fresh touch. The Nartelle bucket bags can either be carried with a single short leather handle or with a long leather strap according to one's taste.

GIOBAGNARA

JANUARY 2022 — UPDATE

GIORGIO BAGNARA, FOUNDER AND CEO OF GIOBAGNARA

Born into a family renowned for cultivating for three generations the art of living, Giorgio Bagnara became passionate about his calling at a very early age. In the late Nineties, after noticing that leather from the fashion industry was not considered enough as material for home accessories, he founded GIOBAGNARA with the goal of applying it to a complete collection. Along with his wife, Vanessa, he decided to move his design studios and workshops in the old docks of the Port of Genoa where, surrounded by the essence and beauty of that location, the company took a significant step forward.

GIOBAGNARA

A brand that is distinctive for elegantly designed creations that express luxury without ostentation, available in an uncommon and virtually limitless color palette of leathers and suede, and crafted to the highest standards using both traditional know-how and leading-edge technology. This approach to tradition and modernity led Giorgio Bagnara to experiment: he constantly pushes technical limits in his quest for objects that are both beautiful and relevant, and in doing so relies on the skills of the company's craftspeople. Very quickly, GIOBAGNARA became renowned for its expertise, and its founder became a partner of choice for a large number of interior decorators and yacht and jet designers who called upon his know-how for special commissions. In 2015, Giorgio Bagnara expanded its leather portfolio with the acquisition of the saddle leather specialist Rabitti 1969. Today, nearly two decades after its founding, GIOBAGNARA has one of the most comprehensive offers of leather home accessories on the market and is preparing to open a fresh chapter in its history.

GLENN SESTIG

Glenn Sestig, born in 1968 in Ghent, Belgium, graduated from the Henri Van De Velde institute in Antwerp and in 1999 established a practice together with painter Bvardk. From the outset, their work focused on extreme precision, on a construction with such mastery of the architectural line, proportions and perspective that it is easy to forget the careful consideration that will have gone into their design and creation. In addition to the material and its interpretation, transparency and the play of reflection suggest, rather than illustrate, the endeavors that have resulted in the real grandeur of some projects, primarily places for public use. Glenn Sestig Architects is synonymous with contemporary chic. His work can be seen as unrelentingly urban and contemporary - materials are exclusive and its combinations are renewing and unique.

To give his work coherence, the architect uses his own method of calculation, a sort of mental model from which flow the intelligence, equilibrium and soul of a place. Each completed work is considered as a minor work of art wherein art and fashion are essential sources of inspiration. The architecture is no longer a movement in time but becomes a declaration of a global luxurious lifestyle. With regular publications in renowned magazines and recognition in global architectural awards, Glenn Sestig has earned his place as one of the most noticeable architects out there. Early commissions included shops, nightclubs and penthouses in Ghent, Antwerp and Brussels, but over the last couple of years the projects grew in size ranging from villas to hotels. Thanks to some magnificent projects with great exposure Glenn Sestig received international recognition with projects from Los Angeles to Tokyo.

LLUIS COLLECTION

Born from the juxtaposition of slender and massive volumes, the Lluís collection features contemporary furnitures boasting harmonious geometries.

Each piece is distinctive for its clean lines, with a dynamic interaction between sinuous and rigorous shapes resulting in a unique, magnetic charm, enhanced by the use of natural materials such as leather and wood: living materials able to maintain their uncontaminated appeal over time.

A series of new iconic pieces conceived by the Belgian designer Glenn Sestig, that will bring you on a journey through elegantly enveloping atmospheres where design becomes an inimitable work of art.

LLOYD COLLECTION

The cultural exchange between Flanders and the Republic of Genoa dates back to the 15th century when there were close ties between traders and bankers in the two countries. Flemish paintings and tapestries were avidly collected by the Genoese banking families.

At the beginning of the 17th century, Genoa rapidly became the financial centre of Europe and its patricians acted as a magnet for artists.

Peter Paul Rubens and Anthony van Dyck both visited the trading centre and immortalised its aristocracy in sumptuous portraits, influencing generations of artists. Moreover, Rubens copied the magnificent architecture of the Genoese palazzi in drawings he later published in book form.

In the furrow traced centuries ago, GIOBAGNARA commissioned Glenn Sestig architect to design a new range of products in which the craftsmen of Ligurian Coast and a Flemish Master meet again.

This is how Lloyd Collection was born.

The Belgian architect imagined this design as a blending of East and West, and therefore, it doesn't fit neatly into either lineage. As with all of his architecture, Sestig sees in this project the possibility of an interaction between elegance and substance. The resulting design is a decorative, hybrid creation where the succession of solid and void spaces breaks the monolithic vision.

Lloyd is a collection where natural elements such as dark-stained Canaletto walnut wood, travertine, cashmere and wool play a calm symphony of craftsmanship, serenity and aesthetics.

Today, nearly two decades after its founding, GIOBAGNARA has one of the most comprehensive offers of leather home accessories on the market and is preparing to open a fresh chapter in its history.

FRANCESCO BALZANO

Francesco Balzano was born and grew up in Paris, yet his visual culture is imprinted with the images of Venice, Florence, Rome and Capri – where he used to spend his summer holidays. He studied interior design and architecture, and then joined the famed studio of Joseph Dirand, working on prestigious projects. In 2018, he opened his own studio and started designing custom and limited editions of furniture pieces for art and design galleries all over the world, whilst continuing his work as interior architect for private clients.

Simplicity as a means to ultimate sophistication. The unparalleled mix of noble materials, pure lines and essential functions of everyday lifestyle. The singularity of each design conceived as a sort of monolithic, sculptural piece that stands the test of time. “My work is architectural and authentic; – says Francesco – it is a permanent tribute to the beauty of timeless things”.

OSSICLE
COLLECTION

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes.

Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

JANUARY 2022 — UPDATE

**GIORGIO BAGNARA,
FOUNDER AND CEO
OF GIOBAGNARA**

Born into a family renowned for cultivating for three generations the art of living, Giorgio Bagnara became passionate about his calling at a very early age. In the late Nineties, after noticing that leather from the fashion industry was not considered enough as material for home accessories, he founded GIOBAGNARA with the goal of applying it to a complete collection. As time passed, he established numerous partnerships with names in the field of design, such as the one with Stéphane Parmentier, who was appointed as creative director of the GIOBAGNARA brands in 2017. Along with his wife, Vanessa, he decided to move his design studios and workshops in the old docks of the Port of Genoa where, surrounded by the essence and beauty of that location, the company took a significant step forward.

RABITTI1969

In 2015, GIOBAGNARA acquired the famous Italian saddle leather specialist RABITTI. Rudi Rabitti, who launched the company in Milan in 1969, was a pioneer: his was the first brand to offer a wide array of home accessories in this type of leather. He quickly won an international reputation. With RABITTI1969, GIOBAGNARA is expanding its offer, both by revisiting the house archives and creating new collections. Because saddle leather is thick and particularly sturdy, it needs no reinforcement and makes it possible to create objects entirely in leather.

WALDEN ARMCHAIR

Solid wood structure featuring a saddle leather backrest and upholstered fabric seat. The fabric is entirely made in Italy. By combining Viscose, Wool, Linen, Polyester and Silk, it is highly resistant and fireproof.

Design by Simone Fanciullacci.

Fabric standard colors as in the picture. Wider color selection available on request.

Wood finishes available: natural / wenge.

finest regenerated leather

HANDMADE IN ITALY

JANUARY 2022 — UPDATE

RUDI: Who, What, Where, When, Why and How?

In 1996, **Rudi Rabitti** trademarked in Milan **Tecnocuoio®**, a composite material, both **UV-resistant** and **water-resistant**, made from leather castoffs from its own production.

The company was well ahead of its time in adhering to a **zero-waste philosophy** that was both **eco-friendly** and **functional**.

While the company has focused on contract work, the acquisition of the brand in 2017 by Giobagnara resulted in the decision to create two separate brands: Rabitti 1969 for products made from genuine leather; and **RUDI** for items created from regenerated leather.

Giobagnara sees an opportunity to introduce **RUDI** products to a wider audience. With the creative direction of the Italian designer **Simone Fanciullacci**, since 2019, the company is pursuing a more decorative approach, able to explore new languages and enhance the properties of **Tecnocuoio®**. It is enlarging the number of product categories and expanding the number of aesthetic solutions for **interior design projects**, **high-end Ho.Re.Ca** and the **yacht interiors** market.

The objective of **RUDI** is to eliminate all leather waste and create beautiful objects from recycled materials that are perfect both for **indoors** and **outdoors**, able to generate an elegant yet casual atmosphere where simple lines play with complex patterns, looking for practical yet always original solutions.

RUDI can now be viewed as more than just a brand name. It is **a model of Italian ingenuity** where Giobagnara has brought together all of its know-how and creativity in an effort to raise ecological awareness.

A HANDMADE TRADITION

RUDI creations are **made entirely by hand** with the masterly skills of our craftsmen who, thanks to their experience, take care of everything down to the smallest detail to guarantee **durable** and **impeccable products**, all in accordance with the original tradition of Italian finest handmade leather goods combined with the use of cut-edge technology.

TECNOCUOIO®

Trademarked by the company in 1996, this innovative material is composed of **finely milled leather castoffs** tanned with vegetal extracts, natural latex (extract from the rubber tree) for bonding, natural fats, salts and natural coloring agents. After adding water, the mixture is pumped through a screen. After being dried, pressed and refined, one obtains a bonded leather fiber material via a process similar to that used in the production of paper. The result is a **high-quality regenerated leather** boasting elasticity that is both **UV-resistant** and **water-resistant**, and which features a perfectly smooth surface.

MAUI STOOL

Wood structure featuring a Tecnocuoio® cover: finest regenerated leather with water-resistant and UV-resistant finish. It features dark-stained metal legs. It is possible to choose any color combination from our chart for the stools' bicolor version.

CARE & MAINTENANCE TIPS

Leather’s charm is due to its shifts in nuances, varying textures, in-built freshness and natural subtle changes which make every piece unique. When handling such a versatile material, its appearance will be shaped by the choices in taking care of it. GIOBAGNARA has been constantly looking, for more than twenty years, for solutions to create technical finishes able to grant leather with stunning properties, such as unrivalled resistance and durability. However, it is essential to keep in mind a few tips in order to preserve your goods’ appeal for years to come.

DO

Do regularly clean leather with a soft brush or cloth;
Do blot away water or moisture as soon as possible;
Do dry wet leather naturally, away from artificial heat;
Do clean spots and stains with a mixture of soap flakes and warm water.

DO NOT

Do not machine wash leather;
Do not immerse leather in water to clean;
Do not get leather wet wherever possible;
Do not dry wet leather next to a radiator or with a hair dryer;
Do not leave leather in excessively wet, dry, cold or hot places for a long period of time.

CALFSKIN

To polish leather, we recommend to clean it gently with a soft cloth dampened with warm water or a small brush and, if necessary, with mild soap. Lighter tones are more susceptible to noticeable spots and tears, so cleaning is essential to maintain a pristine finish. It is important to avoid using abrasive cleaning methods and alcohol-based detergents, especially for leathers with a smooth finish.

SUEDE

When handling suede, dry cleaning methods are advisable: this finish requires the use of a brush or a special rubber for suede cleaning. Wet conditions should be avoided and water should not be used during the cleaning process; accidental spills can be blotted away with a clean, dry cloth. Be sure not vigorously rub the surface.

PONY & SHEARLING

It is recommended to clean gently with a small brush or a soft cloth dampened with warm water (in this case, it is important to remember to let it dry naturally).

EXOTIC LEATHER

When cleaning exotic leathers such as real shagreen and crocodile, always be sure to work with the grain. While standard cleaning methods such as soap and water and specialised leather cleaning solutions can be applied, it's important to thoroughly remove any product build up from grooves and crevices after cleaning. This can be achieved by gently buffing your products with a soft brush.

RUDI'S FINISHES

CUSTOMIZATION

It is possible to provide products with an even more exclusive feeling requesting a debossed customization. Choose the stamps' sizes and to either apply or not a foil. Debossing foils feature a wide number of colors; the selection plays on endless associations and includes metallic finishes.

TECNOCUOIO®

Trademarked by the company in 1996, this innovative material is composed of 65% genuine leather castoffs tanned with vegetal extracts, 18% natural latex (extract from the rubber tree), 10% water, 5% natural fats and 2% natural coloring agents and salts. Rudi utilizes a production technique that adheres to a zero-waste philosophy that is eco-friendly and functional. The result is a high quality regenerated leather boasting elasticity that is both UV-resistant and water-resistant and which features a perfectly smooth surface.
