DESIGNER LIFESTYLE ACCESSORIES

Fall/Winter 2019

Ph: Gigi Stoll

It's no secret that I love to entertain! No detail escapes me when setting a table, from the napkin placement to the coordinating floral arrangements.

The collections this Fall draw inspiration from my travels and nature with a key focus on intricate hand-beading techniques. The Solstice collection imitates the reflective nature of light striking a mirror.

When setting your table, there is no script. Mix textiles and styles and match colors or don't. Your table is a personal expression and I hope you enjoy the process of dressing it as much as I enjoy designing the products.

Solstice

The Solstice Placemat was inspired by the way light reflects on an antique mirror. The organic yet steady shadows cast are translated onto the metallic placemat, mimicking the reflective quality of a mirror. This dramatic look is complimented by natural elements; the Spoke Napkin Ring in Taupe brings out the dark tones while adding an interesting layered dimension. To soften the look, add the new tie-dye linen Solstice Napkin in Gray & Beige.

Croco

Lauded as one of the finest and most valuable leathers, Crocodile oozes luxury and elegance. Our Croco Collection, a faux take on croc hide, draws on the rarity and level of craftsmanship associated with fashioning the skins. Shown in three strong colors, the placemats hold their own on a table. Highlight the sleek, contemporary design with a monochromatic color scheme, pairing the charcoal placemat with our new colorway of the Dip Dye Napkin in Gray & Black.

Vermicelli

Named for a traditional style of beading, the Vermicelli Placement is handmade with incredible attention to detail. Customarily a rounded design, this stitch is an elevated technique and translates beautifully as an adornment for the table. The subtle silver tone adds a touch of sparkle to a quiet dinner or enhances an already festive table.

Pebble

The serene nature of a smooth, flawless pebble inspired the luxurious surface of the Pebble Placemats. The gold and silver tones add an understated richness to the textured placemats and are complimented by the metallic shimmer of the Starburst Napkins. While this palate is muted, the collection exudes style and grace.

Pearl

Pearls are one of nature's greatest miracles and traditionally celebrated for their uniformity in size and color. Influenced by the classic beauty of a strand of pearls, the Pearl Placemats reflect a timeless elegance. Each pearl is hand-linked, creating a graceful, interlocking pattern. Mixing navy and ivory placemats adds a unique dimension to a classic blue and white table setting. Use the Zinnia Napkin Ring in Pearl for an extra pop. In the words of Coco Chanel, "A woman needs ropes and ropes of pearls".

Pavé

The intricately hand-beaded Pavé Placemat mimics its namesake. The unique, metallic, oval-shaped beads are woven tightly like the pave setting of a diamond eternity band. Play with the jewelry-like quality of this stunning collection by pairing the placemats with the ornate Rococco Runner and the Starburst Napkin Ring in Gold. This collection lends itself to a traditional look or a fresh take, either way the table will certainly shine bright.

Jaal

A fresh take on the Moorish quatrefoil, the Jaal Placemat is equally as intricate as the process used to make it. Each delicate, time-honored capiz shell is hand cut into a clover-like shape, individually dyed and meticulously inlaid. The result is an iridescent, plum-colored treasure adding a rich yet unstructured element of surprise to any table. Play up the lush berry tones by adding the Dip Dye Napkin in Berry & Plum. Finish the festive setting with the radiant Theodora Napkin Ring which features a beaded, jewel-tone cluster reminiscent of a beautifully wrapped gift.

Bling

Taking a page out of Jay Gatsby's book, the Bling Placemats in Gold and Silver radiate glamor and opulence evocative of the roaring twenties. Mirroring the affluence that swept the nation in the 1920's, glistening rhinestones are mixed together to create a strikingly bold focal point. Add to the bold metallic abundance with the Starburst Napkin Ring in Silver and the Brilliant Napkin Ring in Gold. Dust off the record player, pour the bubbly and let the good times roll.

Bejeweled

As the collection name suggests, this placemat is “bejeweled” not only in intricate hand-sewn pattern but with of the addition of jewel-toned gems meandering through the clustered beads. The lavish border is a welcomed re-refresh to a more traditional motif. Draw out different jewel-tones and metallics as you accessorize the table, continue the multicolored theme with the Brilliant Napkin Ring in Multi or emphasize blue using the Dip Dye Napkin in Navy & Blue. This versatile placemat adds an unexpected elegance and grandeur while infusing color into the table.

DESIGNER LIFESTYLE ACCESSORIES

PRODUCT CARE

Our products are meant to be enjoyed, so please don't be afraid to use them! If you follow our suggested methods of care, they will continue to look fabulous for many years to come. Our products are handmade and hand-dyed; therefore the colors may vary slightly from one piece to another. We recommend ordering the full amount needed, as a second shipment may not match exactly.

21" X 21" LINEN AND COTTON NAPKINS

Machine wash separately in cool water on a gentle cycle with a mild detergent. Remove from the dryer promptly while slightly damp to minimize wrinkles. Smooth and fold, or iron on a linen setting if desired. Use spot remover if necessary, but do not soak in bleach, as colors may run. Do not dry clean.

BEADED PLACEMATS & RUNNERS

Use a soft toothbrush with soapy water to remove stains. Iron fabric backing to finish if necessary.

ACRYLIC PLACEMATs

These placemats arrive with a protective film or paper backing which should be removed prior to use. Acrylic scratches very easily. Clean with a soft, disposable lintless cloth and a cleaner made specifically for acrylic. Should scratches appear, gently buff out using scratch remover formulated for acrylic products.

MOUTH-BLOWN GLASS

Hand washing is recommended.

NAPKIN RINGS AND HOME DÉCOR

Wipe clean with a damp cloth. Use a soft toothbrush with soapy water for beaded, stone, and metal napkin rings if needed. Do not use citrus-based detergents.

ABOUT OUR HANDCRAFTED PRODUCTS

Whether they are hand-beaded, hand-dyed, or individually carved and painted, almost all of our products are hand-crafted by our artisans around the world, often using natural materials like gemstones and shells. For these items, some variations in color, shape, and design are to be expected. No two pieces will look exactly alike, making them unique works of art for your table!
