GIOBAGNARA

Renowned for its elegant creations that convey luxury without ostentation, GIOBAGNARA adheres to the highest standards of craftsmanship. By pursuing a philosophy that incorporates traditional know-how with leading-edge technologies, and offering a limitless color palette of quality leathers and suede, founder Giorgio Bagnara has been able to experiment and push the technical boundaries of his craft in order to create pieces that are both beautiful and functional.

Launched in 1999, the GIOBAGNARA brand has quickly earned a reputation for expert leather workmanship, and its founder has become a key partner for a large number of interior designers as well as a select group of yacht and private jet designers who rely on his specialized knowledge to realize made-to-measure commissions. Since its inception, GIOBAGNARA has given birth to masterpieces with any type of leather, ranging from printed calfskin to exotic hides. In the latest years, the company has expanded the business introducing the use of other materials such as marble, wood and metal, offering a series of select finishes of choice for an even further customization of projects.

In 2015, Giorgio Bagnara expanded his leather goods portfolio with the acquisition of saddle leather specialist RABITTI1969. In 2017, Bagnara initiated a collaboration with French designer Stéphane Parmentier, who was appointed creative director of GIOBAGNARA and its affiliate brands.

In 2018, the company's portfolio grew with the strategic acquisition of PIGMENT FRANCE, a respected company with specialized skills in leather covering and the weaving of wicker, rattan and straw.

Today, two decades after its launch, GIOBAGNARA counts more than 80 employees. The brand now boasts an impressive offer of quality leather homewares and is ready to embark on its next exciting chapter.

GIORGIO BAGNARA, FOUNDER AND CEO OF GIOBAGNARA

Born into a family renowned for cultivating the Art of Fine Living for three generations, Giorgio Bagnara became passionate about his calling at a very early age. At the end of the 1990s, after noticing that leather utilized in the fashion industry was not considered a suitable material for home accessories, he founded GIOBAGNARA with the goal of applying leather to a homewares collection.

Along with his wife, Vanessa, he first moved his design studios and workshops in the old docks of the Port of Genoa and, later, in a renowned historical building near Genoa's Marina where, surrounded by the essence and beauty of that location, the company took a significant step forward.

THE DYNAMICS OF A DUO

A real laboratory for ideas, Giorgio Bagnara coordinates production in the Manufactura's workshops.

He carries out projects and handles private orders, working at the very core of production and enriching his repertory of forms each day, being involved in all stages of creation. His wife Vanessa harmonizes the collections, cultivating elegance and contributing her chic feminine vision to the creation of trendy accessories.

Together, with natural complicity and meticulous care, they plan and select what will become the collections of tomorrow. They combine expertise and intuition to be fully attentive to their clients' needs.

STÉPHANE PARMENTIER × GIOBAGNARA

The interior architect and designer Stéphane Parmentier began his career working for Karl Lagerfeld before deciding to devote himself to architecture full-time in 2002. Since then, he has created and developed numerous projects for an international clientele attuned to his style of luxurious simplicity. The homes and objects he designs reveal a vision that is deeply anchored in a modern everyday lifestyle. Inspired by classical Greco-Roman antiquity, the beauty of the Puglian landscape, the restraint of the Japanese aesthetic, and a desire to focus on the essential, he cultivates elegant asceticism by associating noble materials with subtly graphic lines.

GIOBAGNARA AND STÉPHANE PARMENTIER

Stéphane Parmentier first met Giorgio Bagnara a few years ago in the aisles of a professional trade show. Enamored of the beauty and the quality of the leathers used, not to mention the meticulous attention to detail evident in each piece, he regularly contacted GIOBAGNARA to realize the custom-made home furnishings in leather or suede that he designed for private clients. Very soon, the two built a rapport based on a shared sense of rigor, a quest for excellence down to the smallest detail and a taste for modern elegance expressed through sleek design, beautiful materials — and a mutual taste for audacity. In 2017, their animated creative dialogue and a shared ambition to bring a new perspective to the market naturally led Giorgio Bagnara to entrust Stéphane Parmentier with the artistic direction of GIOBAGNARA. Since the beginning of this collaboration, Stéphane Parmentier has designed a wide number of new creations for the brand, from boxes, cases, desktop objects, storage units, change trays, trays, candle holders and vases to furniture and leather — or suede — trimmed lamps in a wide array of colours.

In blending tradition, aesthetic heritage and modernity, Stéphane Parmentier brings a graphic and sensual sensibility to a typically Italian art of living of which he is particularly fond.

GLENN SESTIG × GIOBAGNARA

Glenn Sestig, born in 1968 in Ghent, Belgium, graduated from the Henri Van De Velde institute in Antwerp and in 1999 established a practice together with painter Bvardk.

From the outset, their work focused on extreme precision, on a construction with such mastery of the architectural line, proportions and perspective that it is easy to forget the careful consideration that will have gone into their design and creation. In addition to the material and its interpretation, transparency and the play of reflection suggest, rather than illustrate, the endeavors that have resulted in the real grandeur of some projects, primarily places for public use.

Glenn Sestig Architects is synonymous with contemporary chic. His work can be seen as unrelentingly urban and contemporary - materials are exclusive and its combinations are renewing and unique.

FRANCESCO BALZANO × GIOBAGNARA

Francesco Balzano was born and grew up in Paris, yet his visual culture is imprinted with the images of Venice, Florence, Rome and Capri – where he used to spend his summer holidays.

He studied interior design and architecture, and then joined the famed studio of Joseph Dirand, working on prestigious projects.

In 2018, he opened his own studio and started designing custom and limited editions of furniture pieces for art and design galleries all over the world, whilst continuing his work as interior architect for private clients.

Simplicity as a means to ultimate sophistication.

The unparalleled mix of noble materials, pure lines and essential functions of everyday lifestyle.

The singularity of each design conceived as a sort of monolithic, sculptural piece that stands the test of time.

“My work is architectural and authentic; – says Francesco – it is a permanent tribute to the beauty of timeless things”.

GIOBAGNARA

Renowned for its elegant creations that convey luxury without ostentation, GIOBAGNARA adheres to the highest standards of craftsmanship. By pursuing a philosophy that incorporates traditional know-how with leading-edge technologies, and offering a limitless color palette of quality leathers and suede, founder Giorgio Bagnara has been able to experiment and push the technical boundaries of his craft in order to create pieces that are both beautiful and functional.

Launched in 1999, the GIOBAGNARA brand has quickly earned a reputation for expert leather workmanship, and its founder has become a key partner for a large number of interior designers as well as a select group of yacht and private jet designers who rely on his specialized knowledge to realize made-to-measure commissions.

In 2015, Giorgio Bagnara expanded his leather goods portfolio with the acquisition of saddle leather specialist RABITTI1969.

In 2017, Bagnara initiated a collaboration with French designer Stéphane Parmentier, who was appointed creative director of GIOBAGNARA and its affiliate brands.

In 2018, the company's portfolio grew with the strategic acquisition of PIGMENT FRANCE, a respected company with specialized skills in leather covering and the weaving of wicker, rattan and straw.

Today, two decades after its launch, GIOBAGNARA counts more than 80 employees. The brand now boasts an impressive offer of quality leather homewares and is ready to embark on its next exciting chapter.

PIGMENT FRANCE by GIOBAGNARA

The respected luxury brand PIGMENT FRANCE, which joined the GIOBAGNARA group in January 2018, is a master at enhancing tableware and appliances with different materials such as straw, willow, rattan and, of course, several types of leather, bringing a new luxury to everyday objects.

The pieces presented in the collection pay homage to the creative variety and timeless poetry born from the meticulous craftsmanship of these elements.

Looking to the PIGMENT FRANCE workshop with its expert artisans, GIOBAGNARA aims to preserve and further develop the huge potential of this lifestyle manufacture.

French manual skills and craftsmanship shine through in the beauty of its products, heritage and identity. GIOBAGNARA wants to introduce the brand to a more international audience that respects these values.

PIGMENT FRANCE creations live through time, as they represent the combination of industry and talent; the world is fascinated by the products from this land, by the care in the selection of raw materials as well as by the search for top-notch quality and creativity in each and every stage of the production chain.

As John Ruskin once wrote: "Quality is never an accident, it is always the result of high intention, sincere effort, intelligent direction and skillful execution; it represents the wise choice of many alternatives, the cumulative experience of many masters of craftsmanship."

RABITTI 1969 by GIOBAGNARA

In 2015, GIOBAGNARA acquired the famous Italian saddle leather specialist RABITTI.

Rudi Rabitti, who launched the company in Milan in 1969, was a pioneer: his was the first brand to offer a wide array of home accessories in this type of leather. He quickly won an international reputation.

With RABITTI1969, GIOBAGNARA is expanding its offer, both by revisiting the house archives and creating new collections.

Because saddle leather is thick and particularly sturdy, it needs no reinforcement and makes it possible to create objects entirely in leather.

RUDI | finest regenerated leather

In 1996, Rudi Rabitti trademarked in Milan **Tecnocuoio®**, a composite material, both **UV-resistant** and **water-resistant**, made from leather castoffs from its own production.

The company was well ahead of its time in adhering to a **zero-waste philosophy** that was both **eco-friendly** and **functional**.

While the company has focused on contract work, the acquisition of the brand in 2017 by Giobagnara resulted in the decision to create two separate brands: Rabitti 1969 for products made from genuine leather; and **RUDI** for items created from regenerated leather.

Giobagnara sees an opportunity to introduce **RUDI** products to a wider audience. With the creative direction of the Italian designer **Simone Fanciullacci**, since 2019, the company is pursuing a more decorative approach, able to explore new languages and enhance the properties of **Tecnocuoio®**. It is enlarging the number of product categories and expanding the number of aesthetic solutions for **interior design projects**, **high-end Ho.Re.Ca** and the **yacht interiors** market.

The objective of **RUDI** is to eliminate all leather waste and create beautiful objects from recycled materials that are perfect both for **indoors** and **outdoors**, able to generate an elegant yet casual atmosphere where simple lines play with complex patterns, looking for practical yet always original solutions.

RUDI can now be viewed as more than just a brand name. It is **a model of Italian ingenuity** where Giobagnara has brought together all of its know-how and creativity in an effort to raise ecological awareness.

PHORMA COLLECTION

Phorma is a series of wooden trays with a leather lining in geometric shapes that fit inside each other. Like a game, you can get as many configurations as you wish, always creating different designs.
The three-dimensions optical effect is implemented by the edge's contrasting wooden finishes, which can be in natural walnut or wenge stained walnut.
Please note that, on the same shape, small valet trays fit into small trays and large valet trays into large trays.

TOP:
square small set:

MALAPARTE
VALET TRAY

A homage to the celebrated villa built by Adalberto Libera for the writer Curzio Malaparte, a gem of the late-Thirties Italian architecture, this line combines patinated metal and leather, contrasting materials, textures and tones. Its rigorously structured geometry simultaneously evokes a modernist spirit, the simplicity of Rietveld furniture, and the streamlined Japanese aesthetic, striking a balance between radicalism and sensuality.

OSSICLE
MARBLE
TRAYS

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes.
Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

PALAZZO
VASE

Created as a graphic homage to the architecture and stylized ornamentation of Italian palazzos, the Palazzo line combines travertine (an emblematic stone in Italy) with nappa leather and suede. Lamps, candleholders, vases, trays and change trays with detachable bases subtly underscore contrasts of texture, colour and material.

TANELL
IMPERFECT BRONZE
VASE

Blending a minimalist, contemporary design and a striking presence due to the use of cast bronze, this piece boasts a primal appeal. The trilobed shape tapered downwards accompanies the gaze toward the top enhancing, with its iconic silhouette, any floral arrangement.

Materials: cast bronze structure.
Custom sizes available on request.

TOUR VASE

Direct and purposeful, with sophisticated simplicity, the TOUR collection features shapes born from the interaction between the concepts of geometry and sinuosity.

The designer's fascination with the simple action of bending, curving and layering materials in order to create new forms is the driving force behind the design.

A bend around the corner - a "TOUR" - is all it takes to start this journey, where creativity paves the way to infinite possibilities and experimentations.

Aluminium structure featuring Tecnocuoio® inserts.

Design by Adam D. Tihany.

TCR1241

ADAM D. TIHANY
×
GIOBAGNARA

GIOBAGNARA introduces a new collaboration with the internationally renowned designer Adam D. Tihany, who conceived a striking collection called "TOUR" for RUDI.

Since all RUDI's products employ Tecnocuoio®, a trademarked innovative, incredibly durable and functional material due to its unparalleled water-resistance and UV-resistance properties, they are the perfect solution for environments that require an intensive use and frequent washing.

Here the TOUR collection, which has been designed for the luxury interior field - be it private residences, high-end hotels, yachts or jets - finds its ideal space.

RAVELLO
BOX

Ravello is a minimal bathroom collection ideal
for any setting.
The rigid cylindrical main volumes are rendered
softer by the smooth decorative rounded edges, while
the finest Italian leather, with its velvety texture, is
combined with one among three finishes
of choice (polished chrome, brushed bronze
and brushed brass) for a naturally elegant resulting
design.

Partially leather-covered metal structure.
Non-slip waterproof rubber base underneath.

**SAN MARCO
TRINKET BOX
SQUARE**

With patterns that directly take inspiration from characterizing details found in suggestive corners of Venice, these printed leather boxes are a celebration of the iconic city on water. Featuring different sizes, shapes and purposes, the San Marco collection of boxes combines historic legacy with modernity, and is the expression of the artistic and cultural vivacity that marked, and still does, this city's history.

CHAMPAGNE
5 SPHERES
BOX

The contrast between pure geometric forms, such as the prism and the sphere, has always fascinated the human being.
In a game of references between the architecture of Etienne-Louis Boullée and the surrealist sculptures of Pol Bury, the golden spheres of this collection transform the simple handle of a box into an element of high decoration that invites to come closer and explore its shape and function.

DEW
BOXES

Beauty often lies in the smallest details. Dew is a captivating series of round trinket boxes that elevate the art of storage to new heights, transforming trinkets into precious jewels. A trio of trinket boxes in three different sizes, each a testament to meticulous craftsmanship. The allure of fine leather with its sumptuous texture is combined with enchanting plexiglass lids that resemble delicate dewdrops glistening in the morning sun, casting a mesmerizing magnifying lens effect over the treasures within.

It is possible to choose two different colors and textures for the inside and the outside of the box for an even more unique effect.

MALAPARTE
BOX

A homage to the celebrated villa built by Adalberto Libera for the writer Curzio Malaparte, a gem of the late-Thirties Italian architecture, this line combines patinated metal and leather, contrasting materials, textures and tones. Its rigorously structured geometry simultaneously evokes a modernist spirit, the simplicity of Rietveld furniture, and the streamlined Japanese aesthetic, striking a balance between radicalism and sensuality.

FOLD
BOXES

As the office requires a space for deep reflection as well as creativity and inspiration, the new Fold stationary collection for Giobagnara by Piet Boon is functional, pure, refined & timeless. With the idea of building a calm environment, all the items are conceived to naturally fit in any space, allowing to create flexible settings, keep ergonomics in mind and adding reasoned details. Fold is distinctive for its sculptural quality: two-dimensional designs are transformed into three-dimensional sculptures by adding triangular volumes in a reasoned way, which also become recurring motifs throughout all the pieces. In this collection, leather is carefully folded according to a zero-waste philosophy, making the most out of the whole material, which is thus honoured with all its qualities and unique characteristics: the front side of the leather is smooth and glossy, the backside is rough and matte. By using both, Studio Piet Boon used a sustainable approach valuing both functionality and beauty.

TOUR PICTURE FRAME

Direct and purposeful, with sophisticated simplicity, the TOUR collection features shapes born from the interaction between the concepts of geometry and sinuosity.

The designer's fascination with the simple action of bending, curving and layering materials in order to create new forms is the driving force behind the design.

A bend around the corner - a "TOUR" - is all it takes to start this journey, where creativity paves the way to infinite possibilities and experimentations.

Aluminium structure featuring Tecnocuoio® inserts.

Design by Adam D. Tihany.

GIOBAGNARA

GIOBAGNARA introduces a new collaboration with the internationally renowned designer Adam D. Tihany, who conceived a striking collection called "TOUR" for RUDI.

Since all RUDI's products employ Tecnocuoio®, a trademarked innovative, incredibly durable and functional material due to its unparalleled water-resistance and UV-resistance properties, they are the perfect solution for environments that require an intensive use and frequent washing.

Here the TOUR collection, which has been designed for the luxury interior field - be it private residences, high-end hotels, yachts or jets - finds its ideal space.

With the idea of building a calm environment, all the items are conceived to naturally fit in any space, allowing to create flexible settings, keep ergonomics in mind and adding reasoned details. Fold is distinctive for its sculptural quality: two-dimensional designs are transformed into three-dimensional sculptures by adding triangular volumes in a reasoned way, which also become recurring motifs throughout all the pieces. In this collection, leather is carefully folded according to a zero-waste philosophy, making the most out of the whole material, which is thus honoured with all its qualities and unique characteristics: the front side of the leather is smooth and glossy, the backside is rough and matte. By using both, Studio Piet Boon used a sustainable approach valuing both functionality and beauty.

Saddle leather structure with heavy base.

PIETBOON
x
GIOBAGNARA

GIOBAGNARA established a new collaboration with STUDIO PIET BOON, which designed a new collection for RABITTI1969, where saddle leather is the main character. This resulted in a wide range of carefully designed products for the office that seamlessly complement each other. Refinement, functionality and timelessness characterize the authentic and distinctive design philosophy of this collection. The interplay of these designs underlines Studio Piet Boon and Giobagnara experience as a whole or adds an exclusive signature to each space.

See the available finishes in the Giobagnara "Finishes" section at the end of the catalogue.

SAN MARCO
SCULPTURE

The San Marco sculpture is the result of a mix of space-age design and tribal art, this sculpture is able to create a connection between abstraction and figuration, and features an interplay of contrasting yet complimentary shades and textures due to the use of delicate, soft suede together with the sophisticated, naturally charming Osso travertine. Such juxtaposition enhances shapes and volumes, giving birth to an inimitable collectible piece with a timeless beauty.

VITRUVIO
PLINTHS

Vitruvio is a collection of suede plinths available in a variety of sizes and shapes which takes inspiration from Classical architectural models and translates them in a graphic contemporary visual language. Being characterized by minimal lines, volumes range from rigorously geometric to smoothly curved and, by playing with combinations of heights and forms, it is possible to create virtually limitless display configurations.

Custom sizes available on request.

ASSOLUTO
PLINTH

Assoluto is collection born from the orthogonal intersection of rigorously geometrical volumes. As a homage to the work of Carlo Scarpa, the massive forms and sharp edges create pleasing contrasts with the soft, natural charm of leather, and an eye-catching interplay of light and shadow, while the strong, clean lines provide each creation with a bold and unique visual aesthetics.

SCALA BRONZE BOWL

This line objects was inspired by the “stacked” shape often seen at the base of some buildings in Italy, as well as Salvatore Ferragamo’s celebrated heel.

The Scala collection features a selection of furnitures such as stools, tables, end tables, nightstands and sideboards, as well as small interior decor and accessories such as centerpieces, boxes, lanterns and vases, which all have an identical recurring motif, layered and highlighted by deliberately thick legs, that lends a delicate graphic line.

At times, a pure cylindrical shape stands alone; at others a duo or a trio form a stool or occasional table. The key to these pieces’ elegance is absolute precision of proportions.

A choice of light, dark or muted colours creates the option to match or vary colours and contrasts.

RECOMMENDED COMBINATIONS
FOR THE PALÙ COLLECTION

All leathers are provided with a water resistant finish.
Thanks to an exclusive treatment, the saddle leather
dries perfectly, doesn't lose its characteristics and
doesn't leave color stains after being in contact with water.
Ideal for towel baskets.

VIENNA
BASKETS

The traditional Vienna weaving style becomes a graphic sign through the raw-cut Tecnocuoio®. A classical language is thus reinterpreted with an ironic and contemporary spin.
Available in 16 sizes, these baskets can be equipped with a lid and/or a fine linen bag.
Finest regenerated reinforced leather structure with water-resistant and UV-resistant finish.
Ideal for laundry, towels, magazines or everyday objects.
Fit for both indoor and outdoor use.
Non-slip waterproof rubber base underneath.

It is possible to choose any color combination from our chart for the baskets' bicolor version.

Please follow the color scheme below when placing the order.

VENEZIA
BASKETS

A pattern inspired to the classic leaf decorations that also reminds to exotic languages.
In a nearly imperceptible way, the fans that together form the design get gradually bigger while rising from the base, in a continuous search for visual lightness.
Finest regenerated reinforced leather structure with water-resistant and UV-resistant finish.
Ideal for laundry, towels, magazines or everyday objects.
Fit for both indoor and outdoor use.
Non-slip waterproof rubber base underneath.

It is possible to choose any color combination from our chart for the baskets' bicolor version.

CANCUN
BASKETS

The Cancun baskets are characterized by a weave that develops only through vertical dotted lines that, being cut diagonally, seem to chase one another on the surface, giving life to a design that reminds of the warm and a tad retro atmospheres of certain fabrics typical of Central America.

Finest regenerated reinforced leather structure with water-resistant and UV-resistant finish.
Ideal for laundry, towels, magazines or everyday objects.
Fit for both indoor and outdoor use.
Non-slip waterproof rubber base underneath.

It is possible to choose any color combination from our chart for the baskets' bicolor and tricolor versions.

LISBONA
BASKETS

The Lisbona baskets' design comes from the variation of a classic weave with vertical and horizontal bands in which, however, the overlays are hidden so as to create a surface similar to a mosaic. The surface that acts as a frame for the bands acquires importance and, from simple background, it becomes a decorative element able to enhance the weave and its design.

Finest regenerated reinforced leather structure with water-resistant and UV-resistant finish.
Ideal for laundry, towels, magazines or everyday objects.
Fit for both indoor and outdoor use.
Non-slip waterproof rubber base underneath.

It is possible to choose any color combination from our chart for the baskets' bicolor and tricolor versions.

RAVELLO
BIN WITH LID

Ravello is a minimal bathroom collection ideal for any setting.
The rigid cylindrical main volumes are rendered softer by the smooth decorative rounded edges, while the finest Italian leather, with its velvety texture, is combined with one among three finishes of choice (polished chrome, brushed bronze and brushed brass) for a naturally elegant resulting design.

Partially leather-covered metal structure provided with removable inner plexiglass container. Non-slip waterproof rubber base underneath.

DUBAI
BIN

The Dubai bathroom collection features a series of articles with a fine leather-covered metal structure with different finishes of choice.
The collection boasts a series of sinuous sculptural volumes that take inspiration from Oriental architecture: its characteristics are studied and translated into geometry, resulting into a design imbued with a graphic, elegant, complex simplicity.
Partially leather-covered metal structure provided with removable inner plexiglass container. Non-slip waterproof rubber base underneath.

MANHATTAN
BIN WITH LID

The pieces belonging to this bathroom set boast a characterizing inverted truncated cone metal structure with fine leather inserts.
Featuring a series of decorative protrusions and indentations, the Manhattan collection retains a typically modern architectural appeal.
Partially leather-covered metal structure provided with removable inner dark-stained metal container. Non-slip waterproof rubber base underneath.

FOLD
WASTEPAPER BIN

As the office requires a space for deep reflection as well as creativity and inspiration, the new Fold stationary collection for Giobagnara by Piet Boon is functional, pure, refined & timeless. With the idea of building a calm environment, all the items are conceived to naturally fit in any space, allowing to create flexible settings, keep ergonomics in mind and adding reasoned details. Fold is distinctive for its sculptural quality: two-dimensional designs are transformed into three-dimensional sculptures by adding triangular volumes in a reasoned way, which also become recurring motifs throughout all the pieces. In this collection, leather is carefully folded according to a zero-waste philosophy, making the most out of the whole material, which is thus honoured with all its qualities and unique characteristics: the front side of the leather is smooth and glossy, the backside is rough and matte. By using both, Studio Piet Boon used a sustainable approach valuing both functionality and beauty.

Saddle leather structure.

cm 28 x 19.5 | h. cm 30.5

PIETBOON
×
GIOBAGNARA

GIOBAGNARA established a new collaboration with STUDIO PIET BOON, which designed a new collection for RABITTI1969, where saddle leather is the main character. This resulted in a wide range of carefully designed products for the office that seamlessly complement each other. Refinement, functionality and timelessness characterize the authentic and distinctive design philosophy of this collection. The interplay of these designs underlines Studio Piet Boon and Giobagnara experience as a whole or adds an exclusive signature to each space.

TOUR WASTEPAPER BIN

Direct and purposeful, with sophisticated
simplicity, the TOUR collection features shapes
born from the interaction between the concepts
of geometry and sinuosity.
The designer's fascination with the simple action
of bending, curving and layering materials in order
to create new forms is the driving force behind
the design.

A bend around the corner - a "TOUR" - is all it takes
to start this journey, where creativity paves the way to
infinite possibilities and experimentations.

Aluminium structure featuring
Tecnocuoio® inserts.
A removable plexiglass inner structure grants an easy
cleaning.

GIOBAGNARA

**GIOBAGNARA introduces a new
collaboration with the internationally
renowned designer Adam D. Tihany,
who conceived a striking collection
called "TOUR" for RUDI.**
Since all RUDI's products employ
Tecnocuoio®, a trademarked innovative,
incredibly durable and functional
material due to its unparalleled water-
resistance and UV-resistance properties,
they are the perfect solution for
environments that require an intensive
use and frequent washing.

Here the TOUR collection, which has
been designed for the luxury interior
field - be it private residences,
high-end hotels, yachts or jets - finds its
ideal space.

SAN MARCO COLLECTION

With patterns that directly take inspiration from characterizing details found in suggestive corners of Venice, these printed leather trays are a celebration of the iconic city on water. Featuring different sizes and shapes, the San Marco collection combines historic legacy with modernity, and is the expression of the artistic and cultural vivacity that marked, and still does, this city's history.

Only available as showcased in the images below

GARIBALDI
TRAY

This set of four trays in marquetry of nappa leather and suede presents a reinterpretation of various decorative elements and the motto "Venturi non immemor aevi" (=looking to the future without forgetting the past) emblazoned on the façade of the Bagnara family palazzo at Via Garibaldi 12 in Genoa. An architecturally informed vocabulary manifests itself with all the force of timeless elegance.

OSSICLE
MARBLE
TRAYS

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes.
Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

ASSOLUTO
TRAY

Assoluto is collection born from the orthogonal intersection of rigorously geometrical volumes. As a homage to the work of Carlo Scarpa, the massive forms and sharp edges create pleasing contrasts with the soft, natural charm of leather, and an eye-catching interplay of light and shadow, while the strong, clean lines provide each creation with a bold and unique visual aesthetics.

TOUR TRAY ROUND

Direct and purposeful, with sophisticated simplicity, the TOUR collection features shapes born from the interaction between the concepts of geometry and sinuosity. The designer's fascination with the simple action of bending, curving and layering materials in order to create new forms is the driving force behind the design.

A bend around the corner - a "TOUR" - is all it takes to start this journey, where creativity paves the way to infinite possibilities and experimentations.

Aluminium structure featuring Tecnocuoio® inserts.

Design by Adam D. Tihany.

small — TCR1230
Ø cm 23 | h. cm 5.5

large with handles — TCR1231
Ø cm 50.5 | h. cm 6.5

ADAM D. TIHANY
×
GIOBAGNARA

GIOBAGNARA introduces a new collaboration with the internationally renowned designer Adam D. Tihany, who conceived a striking collection called "TOUR" for RUDI. Since all RUDI's products employ Tecnocuoio®, a trademarked innovative, incredibly durable and functional material due to its unparalleled water-resistance and UV-resistance properties, they are the perfect solution for environments that require an intensive use and frequent washing.

Here the TOUR collection, which has been designed for the luxury interior field - be it private residences, high-end hotels, yachts or jets - finds its ideal space.

SCALA BRONZE BOWL

This line objects was inspired by the “stacked” shape often seen at the base of some buildings in Italy, as well as Salvatore Ferragamo’s celebrated heel.

The Scala collection features a selection of furnitures such as stools, tables, end tables, nightstands and sideboards, as well as small interior decor and accessories such as centerpieces, boxes, lanterns and vases, which all have an identical recurring motif, layered and highlighted by deliberately thick legs, that lends a delicate graphic line.

At times, a pure cylindrical shape stands alone; at others a duo or a trio form a stool or occasional table. The key to these pieces’ elegance is absolute precision of proportions.

A choice of light, dark or muted colours creates the option to match or vary colours and contrasts.

SUPERTUSCAN
WINE BOTTLE HOLDER

Leather-covered wood structure.
Ideal for both standard and magnum sized wine bottles.
Other than being a great display for one's wine, this article works perfectly as a decanter: as it more than doubles the surface in contact with air of the wine inside the bottle, it favors its oxygenation, allowing it to breathe and to trigger the release of more aromatic compounds.

Custom sizes available on request.

TA067

SIEGER BY FÜRSTENBERG FOR GIOBAGNARA

GIOBAGNARA established a partnership with the renowned German porcelain crafting company SIEGER by FÜRSTENBERG. Being leader in the field of porcelain production due to its material's and creations' impeccable quality, Sieger by Fürstenberg had GIOBAGNARA fascinated, and was thus asked to transform its iconic *Sip of Gold* collection into exquisite **coffee cups exclusively made for GIOBAGNARA**, with the thought of offering them as precious additions to the brand's cornerstones: the refined and unique leather-bound coffee machines and organizers.

The coffee cups feature either a diamonds or straight lines pattern referring to PigmentFrance by GIOBAGNARA's iconic decorative motives and boast a rim enhanced by a 99% platinum stripe that perfectly matches the coffee machines' polished metal inserts, in accordance to the company's aim to bring a new luxury to everyday objects and providing an unforgettable coffee-drinking experience.

SIEGER BY FÜRSTENBERG

Founded in 1747, the German company Porzellanmanufaktur FÜRSTENBERG has brought together unique artisanry and cutting-edge technology for more than 270 years and breathes life into the refined SIEGER by FÜRSTENBERG collections.

Every single cup, plate and accessory is one of a kind. Individually crafting these unique objects involves many different stages and requires the skillful work of numerous artisans; as the motto at FÜRSTENBERG says: *a cup goes through 100 hands*. This quality can only be achieved with the expertise, precision and passion of a manufactory with centuries of experience.

It is the small details that reveal genuine craftsmanship and give the fine porcelain from FÜRSTENBERG its special value.

Available only in
PigmentFrance's finishes:

SAINT-GERMAIN
TEA & COFFEE
ORGANIZER

Leather-bound wood structure with hinged lid.
Holds 6 Nespresso capsules, tea bags and sugar
packets.

PFN810

ASPEN
SEATING CHART

The plan de table was first developed for use at royal courts as a way to ensure that guests were arranged properly in terms of their ranking and protocol. They are still used today wherever there is a need to put the right people together. Each guest's name is handwritten on a card that is then inserted in its proper place on the chart, allowing to determine the perfect seating arrangement while saving multiple trips around the table.

TOUR
MOBILE STAND

Direct and purposeful, with sophisticated simplicity, the TOUR collection features shapes born from the interaction between the concepts of geometry and sinuosity. The designer's fascination with the simple action of bending, curving and layering materials in order to create new forms is the driving force behind the design.

A bend around the corner - a “TOUR” - is all it takes to start this journey, where creativity paves the way to infinite possibilities and experimentations.

Aluminium structure featuring Tecnocuoio® inserts.

Design by Adam D. Tihany.

cm 10.5 x 10 | h. cm 11.5

ADAM D. TIHANY
×
GIOBAGNARA

GIOBAGNARA introduces a new collaboration with the internationally renowned designer Adam D. Tihany, who conceived a striking collection called "TOUR" for RUDI. Since all RUDI's products employ Tecnocuoio®, a trademarked innovative, incredibly durable and functional material due to its unparalleled water-resistance and UV-resistance properties, they are the perfect solution for environments that require an intensive use and frequent washing.

Here the TOUR collection, which has been designed for the luxury interior field - be it private residences, high-end hotels, yachts or jets - finds its ideal space.

TALLIA
COLLECTION

GIOBAGNARA features a new collection where leather meets wool and cashmere.
In collaboration with the historical yarn and fabrics Italian producer Fratelli Tallia Di Delfino, this collection is born from the union between noble and natural materials, aiming to give birth to pieces able to create warm sophisticated spaces that enhance the traditional Italian lifestyle.

FRATELLI TALLIA DI DELFINO
Made in Italy

The Fratelli Tallia Di Delfino brand pays extreme attention in the choice of raw materials' supply channels in order to obtain yarn and, subsequently, fabrics of the finest quality.

Sustainable Cashmere is Fratelli Tallia Di Delfino's answer to the growing request of a luxury that is both sustainable and respectful of the environmental prerogatives: the company's production chose to introduce on the market a fine cashmere that derives from a selection of the best castoffs from the work made on looms.

This material is the union between the fibers' refinement, the peculiarity of the yarn's color highlights and practicality due to its water-repellent properties: it is then ideal for precious furnishings subject to a daily use, given its resistance and durability.

**TALLIA
WOOL & CASHMERE
DOUBLE FACE
GOOSE DOWN PLAID**

GIOBAGNARA combined its nappa leathers' selection with Fratelli Tallia di Delfino's finest quality wool (90%) and cashmere (10%) and a highly innovative, sustainable, extra-light goose down.

Made with the world's warmest padding (it delivers warmth up to 170% beyond traditional down and up to 450% beyond polyfill), it delivers all the natural benefits of down in the thinnest profile possible and eliminates seepage.

To customize the edges, choose among all the nappa colors from our chart.

FOLD
TISSUE HOLDERS

As the office requires a space for deep reflection as well as creativity and inspiration, the new Fold stationary collection for Giobagnara by Piet Boon is functional, pure, refined & timeless. With the idea of building a calm environment, all the items are conceived to naturally fit in any space, allowing to create flexible settings, keep ergonomics in mind and adding reasoned details. Fold is distinctive for its sculptural quality: two-dimensional designs are transformed into three-dimensional sculptures by adding triangular volumes in a reasoned way, which also become recurring motifs throughout all the pieces. In this collection, leather is carefully folded according to a zero-waste philosophy, making the most out of the whole material, which is thus honoured with all its qualities and unique characteristics: the front side of the leather is smooth and glossy, the backside is rough and matte. By using both, Studio Piet Boon used a sustainable approach valuing both functionality and beauty.

Saddle leather structure.

PIETBOON
×
GIOBAGNARA

GIOBAGNARA established a new collaboration with STUDIO PIET BOON, which designed a new collection for RABITTI1969, where saddle leather is the main character. This resulted in a wide range of carefully designed products for the office that seamlessly complement each other. Refinement, functionality and timelessness characterize the authentic and distinctive design philosophy of this collection. The interplay of these designs underlines Studio Piet Boon and Giobagnara experience as a whole or adds an exclusive signature to each space.

RIACE
IMPERFECT BRONZE
BATHROOM SET

The Riace collection features massive volumes in cast aluminum with burnished bronze finish. The remarkably modern, essential design, together with the natural imperfections of the surface that creates charming shadows, make each piece a small work of art with a primal touch.

TOUR FREESTANDING MIRROR

Direct and purposeful, with sophisticated simplicity, the TOUR collection features shapes born from the interaction between the concepts of geometry and sinuosity.

The designer's fascination with the simple action of bending, curving and layering materials in order to create new forms is the driving force behind the design.

A bend around the corner - a "TOUR" - is all it takes to start this journey, where creativity paves the way to infinite possibilities and experimentations.

Aluminium structure featuring Tecnocuoio® inserts.

Design by Adam D. Tihany.

TCR1232
cm 38 x 12 | h. cm 42

ADAM D. TIHANY
×
GIOBAGNARA

GIOBAGNARA introduces a new collaboration with the internationally renowned designer Adam D. Tihany, who conceived a striking collection called "TOUR" for RUDI.

Since all RUDI's products employ Tecnocuoio®, a trademarked innovative, incredibly durable and functional material due to its unparalleled water-resistance and UV-resistance properties, they are the perfect solution for environments that require an intensive use and frequent washing.

Here the TOUR collection, which has been designed for the luxury interior field - be it private residences, high-end hotels, yachts or jets - finds its ideal space.

FLOW
BOOKEND

Flow mixes graphic curves with the velvety softness of suede in a line of subtle or bold contrasts ranging from pastels to saturated hues: from boxes for jewelry, cigars, parlor games, tea or secret treasures to bookends, this range is primarily composed of decorative containers to mix and match. An elegant invitation to start a collection.

ROTUNDA
BOOKEND

The shape of these bookends pays homage to the public library of Stockholm, the masterpiece of Gunnar Asplund. The intersection between circle and square is a recurring motif related to knowledge, as in the case of the Vitruvian Man: mankind can fill every shape it wishes, both geometrically and philosophically. Here, the heaviness of the brass cylinder seamlessly connected to the leather-covered square does more than just keeping books in order, adding meaning to any collection displayed in one's home library.

ALFABETA

The innovative furniture collection is composed of geometric shapes with leather bound legs featuring unconventional proportions and rounded convex and concave forms – the signature design is utilized in a bookend that boasts a strong sculptural quality. Just as in the architecture of Mies van der Rohe, the subtle detailing here never calls attention to itself and meets an inquisitive gaze with a fitting response.

FOLD
PAPERWEIGHT

As the office requires a space for deep reflection as well as creativity and inspiration, the new Fold stationary collection for Giobagnara by Piet Boon is functional, pure, refined & timeless. With the idea of building a calm environment, all the items are conceived to naturally fit in any space, allowing to create flexible settings, keep ergonomics in mind and adding reasoned details. Fold is distinctive for its sculptural quality: two-dimensional designs are transformed into three-dimensional sculptures by adding triangular volumes in a reasoned way, which also become recurring motifs throughout all the pieces. In this collection, leather is carefully folded according to a zero-waste philosophy, making the most out of the whole material, which is thus honoured with all its qualities and unique characteristics: the front side of the leather is smooth and glossy, the backside is rough and matte. By using both, Studio Piet Boon used a sustainable approach valuing both functionality and beauty.

Saddle leather structure with heavy base.

cm 9.5 x 6.5 | h. cm 10

PIETBOON
x
GIOBAGNARA

GIOBAGNARA established a new collaboration with STUDIO PIET BOON, which designed a new collection for RABITTI1969, where saddle leather is the main character. This resulted in a wide range of carefully designed products for the office that seamlessly complement each other. Refinement, functionality and timelessness characterize the authentic and distinctive design philosophy of this collection. The interplay of these designs underlines Studio Piet Boon and Giobagnara experience as a whole or adds an exclusive signature to each space.

MALAPARTE
DESK BLOTTER / MOUSE PAD

A homage to the celebrated villa built by Adalberto Libera for the writer Curzio Malaparte, a gem of the late-Thirties Italian architecture, this line combines patinated metal and leather, contrasting materials, textures and tones. Its rigorously structured geometry simultaneously evokes a modernist spirit, the simplicity of Rietveld furniture, and the streamlined Japanese aesthetic, striking a balance between radicalism and sensuality. As nightstands, consoles, desks or desk accessories, the collection expresses the desire to re-establish leather furniture in a contemporary lexicon and a lifestyle that reconciles functionality and aesthetics.

FOLD
COLLECTION

As the office requires a space for deep reflection as well as creativity and inspiration, the new Fold stationary collection for Giobagnara by Piet Boon is functional, pure, refined & timeless. With the idea of building a calm environment, all the items are conceived to naturally fit in any space, allowing to create flexible settings, keep ergonomics in mind and adding reasoned details. Fold is distinctive for its sculptural quality: two-dimensional designs are transformed into three-dimensional sculptures by adding triangular volumes in a reasoned way, which also become recurring motifs throughout all the pieces. In this collection, leather is carefully folded according to a zero-waste philosophy, making the most out of the whole material, which is thus honoured with all its qualities and unique characteristics: the front side of the leather is smooth and glossy, the backside is rough and matte. By using both, Studio Piet Boon used a sustainable approach valuing both functionality and beauty.

PIETBOON
x
GIOBAGNARA

GIOBAGNARA established a new collaboration with STUDIO PIET BOON, which designed a new collection for RABITTI1969, where saddle leather is the main character. This resulted in a wide range of carefully designed products for the office that seamlessly complement each other. Refinement, functionality and timelessness characterize the authentic and distinctive design philosophy of this collection. The interplay of these designs underlines Studio Piet Boon and Giobagnara experience as a whole or adds an exclusive signature to each space.

TOUR
DESK SET

Direct and purposeful, with sophisticated simplicity, the TOUR collection features shapes born from the interaction between the concepts of geometry and sinuosity. The designer's fascination with the simple action of bending, curving and layering materials in order to create new forms is the driving force behind the design.

A bend around the corner - a "TOUR" - is all it takes to start this journey, where creativity paves the way to infinite possibilities and experimentations.

ADAM D. TIHANY
x
GIOBAGNARA

GIOBAGNARA introduces a new collaboration with the internationally renowned designer Adam D. Tihany, who conceived a striking collection called "TOUR" for RUDI. Since all RUDI's products employ Tecnocuio®[®], a trademarked innovative, incredibly durable and functional material due to its unparalleled water-resistance and UV-resistance properties, they are the perfect solution for environments that require an intensive use and frequent washing.

Here the TOUR collection, which has been designed for the luxury interior field - be it private residences, high-end hotels, yachts or jets - finds its ideal space.

TOUR
WASTEPAPER BIN

Direct and purposeful, with sophisticated simplicity, the TOUR collection features shapes born from the interaction between the concepts of geometry and sinuosity. The designer's fascination with the simple action of bending, curving and layering materials in order to create new forms is the driving force behind the design.

A bend around the corner - a “TOUR” - is all it takes to start this journey, where creativity paves the way to infinite possibilities and experimentations.

Aluminium structure featuring Tecnocuoio® inserts. A removable plexiglass inner structure grants an easy cleaning.

Design by Adam D. Tihany.

ADAM D. TIHANY
×
GIOBAGNARA

GIOBAGNARA introduces a new collaboration with the internationally renowned designer Adam D. Tihany, who conceived a striking collection called "TOUR" for RUDI. Since all RUDI's products employ Tecnocuoio®, a trademarked innovative, incredibly durable and functional material due to its unparalleled water-resistance and UV-resistance properties, they are the perfect solution for environments that require an intensive use and frequent washing.

Here the TOUR collection, which has been designed for the luxury interior field - be it private residences, high-end hotels, yachts or jets - finds its ideal space.

FOLD
DOCUMENT HOLDER

As the office requires a space for deep reflection as well as creativity and inspiration, the new Fold stationary collection for Giobagnara by Piet Boon is functional, pure, refined & timeless. With the idea of building a calm environment, all the items are conceived to naturally fit in any space, allowing to create flexible settings, keep ergonomics in mind and adding reasoned details. Fold is distinctive for its sculptural quality: two-dimensional designs are transformed into three-dimensional sculptures by adding triangular volumes in a reasoned way, which also become recurring motifs throughout all the pieces. In this collection, leather is carefully folded according to a zero-waste philosophy, making the most out of the whole material, which is thus honoured with all its qualities and unique characteristics: the front side of the leather is smooth and glossy, the backside is rough and matte. By using both, Studio Piet Boon used a sustainable approach valuing both functionality and beauty.

Saddle leather structure.

PIETBOON
×
GIOBAGNARA

GIOBAGNARA established a new collaboration with STUDIO PIET BOON, which designed a new collection for RABITTI1969, where saddle leather is the main character. This resulted in a wide range of carefully designed products for the office that seamlessly complement each other. Refinement, functionality and timelessness characterize the authentic and distinctive design philosophy of this collection. The interplay of these designs underlines Studio Piet Boon and Giobagnara experience as a whole or adds an exclusive signature to each space.

YOKO
TABLE MIRROR

Yoko mirrors' frame features a wide crown which refers to the profile of a japanese doll's hair. These family's colors play a game of combinations able to create elegant and unexpected compositions. Made with Tecnocuoio®, a regenerated reinforced leather with water-resistant and UV-resistant finish, trademarked by the company in 1996.

It is possible to choose any color combination from our chart for the mirror's bicolor version.

TOUR
FREESTANDING MIRROR

Direct and purposeful, with sophisticated simplicity, the TOUR collection features shapes born from the interaction between the concepts of geometry and sinuosity. The designer's fascination with the simple action of bending, curving and layering materials in order to create new forms is the driving force behind the design.

A bend around the corner - a "TOUR" - is all it takes to start this journey, where creativity paves the way to infinite possibilities and experimentations.

Aluminium structure featuring Tecnocuoio® inserts.

Design by Adam D. Tihany.

TCR1232
cm 38 x 12 | h. cm 42

ADAM D. TIHANY
x
GIOBAGNARA

GIOBAGNARA introduces a new collaboration with the internationally renowned designer Adam D. Tihany, who conceived a striking collection called "TOUR" for RUDI. Since all RUDI's products employ Tecnocuoio®, a trademarked innovative, incredibly durable and functional material due to its unparalleled water-resistance and UV-resistance properties, they are the perfect solution for environments that require an intensive use and frequent washing.

Here the TOUR collection, which has been designed for the luxury interior field - be it private residences, high-end hotels, yachts or jets - finds its ideal space.

CHRONOS WATCH WINDER

Leather-covered structure. It is sufficient to apply a slight pressure to detach the rotating part, which is provided with a watch strap extender. It works with 2 AA batteries. Multiple rotation settings: clockwise, counterclockwise or alternating. Chronos operates on a basis of gentle rotation, ensuring a consistent movement over a longer period of time that won't over-wind one's watch.

NARTELLE
BAG

Made with the finest woven leather and rattan, this collection of compact day bags boasts a casual yet sophisticated attitude: the elegant shiny calfskin and the gentle freshness of rattan complement each other perfectly. The structured basket style is trimmed with hand-wrapped golf leather handles which showcase sophisticated leatherwork, while opening it reveals a cotton lining featuring a leather drawstring closure which adds a fresh touch. The Nartelle bags can either be carried with the two top handles or with the additional adjustable leather strap according to one's taste.

TALAIS
COLLECTION

This collection of shopping bags boasts a simple yet sophisticated design able to enhance the quality of materials: the rigid base, made of the finest woven leather and rattan, is combined with a soft, cream-colored cotton lining. A pair of long handles made of shiny calfskin elegantly characterize the piece not only as a functional part of the structure, but as a graphic distinctive feature.

RHAPSODY
STOOL

This collection reinterprets tradition with a fresh and contemporary visual language, seamlessly blending essential lines with ornate detailing. Here, golden tacks and sumptuous leather pay homage to the craftsmanship of the late 1800s and harmoniously merges the classic and the modern, the adorned and the essential, serving as a bridge between two worlds. The decorative accents in Rhapsody are not just relics of the past but bold statements of contemporary design.

PALAZZO
STOOL

The Palazzo family enlarges to the world of furniture. Leather covered pure shapes intersecate in a rich composition of solid volumes and void, as a graphic homage to the architecture of Giuseppe Terragni's Novocomun apartment complex in Como (1928), considered the first modern building in Italy.

SCALA
LEATHER
STOOL

This line objects was inspired by the “stacked” shape often seen at the base of some buildings in Italy, as well as Salvatore Ferragamo’s celebrated heel. The Scala collection features a selection of furnitures such as stools, tables, end tables, nightstands and sideboards, as well as small interior decor and accessories such as centerpieces, boxes, lanterns and vases, which all have an identical recurring motif, layered and highlighted by deliberately thick legs, that lends a delicate graphic line. At times, a pure cylindrical shape stands alone; at others a duo or a trio form a stool or occasional table. The key to these pieces’ elegance is absolute precision of proportions. A choice of light, dark or muted colours creates the option to match or vary colours and contrasts.

round stool— HSP111
Ø cm 37 | h. cm 44
fully leather covered

SCALA
MARBLE STOOL

The iconic form of the celebrated Scala stool and coffee tables, winners of the Wallpaper Design Award, is now translated in stone. The ribbed shape is brought back to its roots, the stacked base of a Milanese building, and now the silhouette highlight the beauty of different natural stones into sophisticated and timeless pieces of furniture perfectly suitable for both indoor and outdoor use.

All made of travertine.
Choose between travertine classic and travertine walnut.

OSSICLE
LEATHER STOOL

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes.

Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

FBHS071

ALFABETA
BENCH

The innovative furniture collection is composed of geometric shapes with leather bound legs featuring unconventional proportions and rounded convex and concave forms – the signature design is utilized in a bookend that boasts a strong sculptural quality. Just as in the architecture of Mies van der Rohe, the subtle detailing here never calls attention to itself and meets an inquisitive gaze with a fitting response.

OBLIVION
ROUND TRAVERTINE
SMALL TABLE

This small occasional table redefines spaces with its unique blend of form and function, effortlessly capturing the essence of balance and beauty. Oblivion boasts slim metal legs that seem to defy gravity, lifting its round top into an enchanting suspension. This top, meticulously fashioned from travertine and colored plaster, adds an air of timeless sophistication to any room, seamlessly blending organic earthiness and contemporary aesthetics.

The metal legs can be either bronze-colored or white. The travertine top's nuance can be either classic or titanium. The top's plaster color matches that of the legs. Custom colors available on request.

SIDE TABLES

Palladio is a line of side tables that plays with shapes and materials. Minimal bases clad in the finest Italian leather on which essential, clean forms made of travertine (available in a selection of five nuances) with exquisite details lay: with the aim of bringing together the beauty of Classic Art and a Modern, graphic charm, this combination enhances the diversity of textures and colors, resulting in iconic pieces with a magnetic appeal.

Custom sizes available on request.

TEMAKI
PINEWOOD
SIDE TABLE

Rooted in the fundamental principles of minimalism and purity of forms, pieces from the Temaki pinewood collection embody sharp sophistication while exuding a natural charm, allowing spaces to breathe while making a bold statement. These creations invite to a journey of form and function, where every piece tells a story of geometric elegance, essential refinement, rigorous artistry, and the charismatic allure of the matching burnished brushed bronze and sandblasted black pinewood.

SCALA
LEATHER
COFFEE TABLE

This line objects was inspired by the “stacked” shape often seen at the base of some buildings in Italy, as well as Salvatore Ferragamo’s celebrated heel.
The Scala collection features a selection of furnitures such as stools, tables, end tables, nightstands and sideboards, as well as small interior decor and accessories such as centerpieces, boxes, lanterns and vases, which all have an identical recurring motif, layered and highlighted by deliberately thick legs, that lends a delicate graphic line.
At times, a pure cylindrical shape stands alone; at others a duo or a trio form a stool or occasional table.
The key to these pieces’ elegance is absolute precision of proportions.
A choice of light, dark or muted colours creates the option to match or vary colours and contrasts.

SCALA MARBLE COFFEE TABLES

The iconic form of the celebrated Scala stool and coffee tables, winners of the Wallpaper Design Award, is now translated in stone. The ribbed shape is brought back to its roots, the stacked base of a Milanese building, and now the silhouette highlight the beauty of different natural stones into sophisticated and timeless pieces of furniture perfectly suitable for both indoor and outdoor use.

LA LINEA
COFFEE TABLE

La Linea ("the Line" in Italian) is a name that describes the pleasing visual quality of this collection of tables, desks and consoles where fields of colour are separated by a thin line, as in the paintings of Barnett Newman.
The curves of the legs, a reminder of the array of diverse shapes that occur in nature, connect with ordered rectilinear forms of the upper part by a seamless transition in the geometry.

OSSICLE
LEATHER COFFEE TABLE

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes. Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

ASSOLUTO
COFFEE TABLE

Assoluto is collection born from the orthogonal intersection of rigorously geometrical volumes. As a homage to the work of Carlo Scarpa, the massive forms and sharp edges create pleasing constrasts with the soft, natural charm of leather, and an eye-catching interplay of light and shadow, while the strong, clean lines provide each creation with a bold and unique visual aesthetics.

Leather-covered wood structure.

SCALA
RECTANGULAR
DINING TABLE

This line objects was inspired by the “stacked” shape often seen at the base of some buildings in Italy, as well as Salvatore Ferragamo’s celebrated heel. The Scala collection features a selection of furnitures such as stools, tables, end tables, nightstands and sideboards, as well as small interior decor and accessories such as centerpieces, boxes, lanterns and vases, which all have an identical recurring motif, layered and highlighted by deliberately thick legs, that lends a delicate graphic line. At times, a pure cylindrical shape stands alone; at others a duo or a trio form a stool or occasional table. The key to these pieces’ elegance is absolute precision of proportions. A choice of light, dark or muted colours creates the option to match or vary colours and contrasts.

OSSICLE
LEATHER ROUND
TABLE

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes. Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

MALAPARTE
DESK

A homage to the celebrated villa built by Adalberto Libera for the writer Curzio Malaparte, a gem of the late-Thirties Italian architecture, this line combines patinated metal and leather, contrasting materials, textures and tones. Its rigorously structured geometry simultaneously evokes a modernist spirit, the simplicity of Rietveld furniture, and the streamlined Japanese aesthetic, striking a balance between radicalism and sensuality. As nightstands, consoles, desks or desk accessories, the collection expresses the desire to re-establish leather furniture in a contemporary lexicon and a lifestyle that reconciles functionality and aesthetics.

TEMAKI
PINEWOOD
DESK

Rooted in the fundamental principles of minimalism and purity of forms, pieces from the Temaki pinewood collection embody sharp sophistication while exuding a natural charm, allowing spaces to breathe while making a bold statement. These creations invite to a journey of form and function, where every piece tells a story of geometric elegance, essential refinement, rigorous artistry, and the charismatic allure of the matching burnished brushed bronze and sandblasted black pinewood.

It features a built-in leather desk blotter.

SCALA
CONSOLE

This line objects was inspired by the “stacked” shape often seen at the base of some buildings in Italy, as well as Salvatore Ferragamo’s celebrated heel. The Scala collection features a selection of furnitures such as stools, tables, end tables, nightstands and sideboards, as well as small interior decor and accessories such as centerpieces, boxes, lanterns and vases, which all have an identical recurring motif, layered and highlighted by deliberately thick legs, that lends a delicate graphic line. At times, a pure cylindrical shape stands alone; at others a duo or a trio form a stool or occasional table. The key to these pieces’ elegance is absolute precision of proportions. A choice of light, dark or muted colours creates the option to match or vary colours and contrasts.

TEMAKI
CONSOLE

Ideal for the home office, bedroom or reception area, the console features two drawers for storage and is supported by slender legs. Sharp corners are accentuated by precision-cut leather inlay that adds three-dimensionality to the piece and highlights the superior craftsmanship.

TEMAKI PINEWOOD LOW CONSOLE

Rooted in the fundamental principles of minimalism and purity of forms, pieces from the Temaki pinewood collection embody sharp sophistication while exuding a natural charm, allowing spaces to breathe while making a bold statement. These creations invite to a journey of form and function, where every piece tells a story of geometric elegance, essential refinement, rigorous artistry, and the charismatic allure of the matching burnished bronze and sandblasted black pinewood.

VECTOR

The design of these furniture pieces by Stéphane Parmentier has been influenced by the graphic art of the seventies, an era where artists as Victor Vasarely analyzed the formal qualities of what constituted an aesthetic object and studied nature in search of the building blocks of the visual universe. Here, flat surfaces and colliding curves interact as a visual manifestation of the natural geometry of the organic world.

OSSICLE
LEATHER CONSOLE

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes.
Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

ASSOLUTO
CONSOLE

Assoluto is collection born from the orthogonal intersection of rigorously geometrical volumes. As a homage to the work of Carlo Scarpa, the massive forms and sharp edges create pleasing contrasts with the soft, natural charm of leather, and an eye-catching interplay of light and shadow, while the strong, clean lines provide each creation with a bold and unique visual aesthetics.

PAGODA
BOOKSHELF

The dual-purpose design offers the possibility to utilize the piece as a room divider and bookshelf. The sturdy shelving with winglets recalls traditional Far East roof constructions and appears to float on the vertical elements, which may be rotated to function as shelf dividers and which allow for multiple configurations that include creating an attractive background for book storage. Available in a selection of heights and widths.

SCALA
SINGLE
BOOKSHELF

This line objects was inspired by the “stacked” shape often seen at the base of some buildings in Italy, as well as Salvatore Ferragamo’s celebrated heel. The Scala collection features a selection of furnitures such as stools, tables, end tables, nightstands and sideboards, as well as small interior decor and accessories such as centerpieces, boxes, lanterns and vases, which all have an identical recurring motif, layered and highlighted by deliberately thick legs, that lends a delicate graphic line. At times, a pure cylindrical shape stands alone; at others a duo or a trio form a stool or occasional table. The key to these pieces’ elegance is absolute precision of proportions. A choice of light, dark or muted colours creates the option to match or vary colours and contrasts.

SCALA
THREE DOORS
SIDEBOARD

This line objects was inspired by the “stacked” shape often seen at the base of some buildings in Italy, as well as Salvatore Ferragamo’s celebrated heel.
The Scala collection features a selection of furnitures such as stools, tables, end tables, nightstands and sideboards, as well as small interior decor and accessories such as centerpieces, boxes, lanterns and vases, which all have an identical recurring motif, layered and highlighted by deliberately thick legs, that lends a delicate graphic line.
At times, a pure cylindrical shape stands alone; at others a duo or a trio form a stool or occasional table.
The key to these pieces’ elegance is absolute precision of proportions.
A choice of light, dark or muted colours creates the option to match or vary colours and contrasts.

LACAN
DAYBED

This piece redefines the concept of a daybed with its minimal lines and studied simplicity. Lacan captivates with its thin and sharp dark bronze frame, a bold outline that artfully envelops massive primal volumes. This juxtaposition of delicate framework and substantial form creates a visual masterpiece that transcends the ordinary. Wrapped by the frame, a fine leather base exudes luxury, while the mattress, dressed in precious fabric, promises comfort beyond compare. Lacan is more than just a daybed; it's a transformative piece of furniture. It opens up spaces and becomes a focal point where conversations flow and relaxation reigns supreme.

Custom fabric and sizes available on request.

OSSICLE
DAY BED

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes.
Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

arabescato white green guatemala eramosa brown black portoro travertino

SCALA
TABLE
LAMPS

This line objects was inspired by the “stacked” shape often seen at the base of some buildings in Italy, as well as Salvatore Ferragamo’s celebrated heel. The Scala collection features a selection of furnitures such as stools, tables, end tables, nightstands and sideboards, as well as small interior decor and accessories such as centerpieces, boxes, lanterns and vases, which all have an identical recurring motif, layered and highlighted by deliberately thick legs, that lends a delicate graphic line. At times, a pure cylindrical shape stands alone; at others a duo or a trio form a stool or occasional table. The key to these pieces’ elegance is absolute precision of proportions. A choice of light, dark or muted colours creates the option to match or vary colours and contrasts.

PALAZZO
TABLE LAMP

Created as a graphic homage to the architecture and stylized ornamentation of Italian palazzos, the Palazzo line combines travertine (an emblematic stone in Italy) with nappa leather and suede. Lamps, candleholders, vases, trays and change trays with detachable bases subtly underscore contrasts of texture, colour and material.

DUOMO
TABLE LAMPS

Boasting distinctive features that make this collection stand out, Duomo combines references to the lighting trends of the 1970s with clean, minimal lines and geometrical volumes, as well as unique materials, resulting in a sculptural luminous appearance. Featuring iconic curved bronze lampshades and plinths, these lamps sit upon bases covered with woven rattan, which provides the pieces with a lighter, informal feeling. These lamps cast a soft ambient light that's ideal for reading and lounging.

OSSICLE
TABLE LAMP

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes.
Their monolithic volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

RHAPSODY
FLOOR LAMPS

This collection reinterprets tradition with a fresh and contemporary visual language, seamlessly blending essential lines with ornate detailing. Here, golden tacks and sumptuous leather pay homage to the craftsmanship of the late 1800s and harmoniously merges the classic and the modern, the adorned and the essential, serving as a bridge between two worlds. The decorative accents in Rhapsody are not just relics of the past but bold statements of contemporary design.

GIOBAGNARA
×
TEKNA

GIOBAGNARA features a new collection where the finest quality leather and the company's unparalleled craftsmanship meet the ingenious creativity of TEKNA, the lighting design Belgian pioneer.

The GIOBAGNARA x TEKNA Collection aims to create pieces able to generate unique atmospheres and enhance spaces, giving birth to a union where traditional Italian and Belgian lifestyles meet.

OSSICLE
WALL LAMP

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes.
Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the "Jeu des Osselets", which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

The Art of Inlay

Thanks to its craftsmen's expertise, GIOBAGNARA can reproduce any inlaid decoration starting from a drawing or a picture.

The Art of Embossing

GIOBAGNARA can apply different kinds of embossed decoration on our pieces. It is possible to work with designs on request as well.

*Specific decorations,
such as woven leather
combined with horsehair
can be studied and
designed on request.*

*As a tailor, Giobagnara
can “dress” private
residences, jets or yachts with
its leather products.*

Our manufacture is able to handle requests for significant numbers of products.

From the initial sketch to the final handcrafting, each piece is made in order to ensure that the client's every expectation is met.

EMBOSSED PERSONALIZATION

example of embossed personalization of letters or easy logo, available in a large size. One letter approximately cm 11 x 11.

BH100
bespoke | price on request

DEBOSSED CUSTOMIZATION

examples of debossed customization with or without foil (many colors available).

BH200
bespoke | price on request

Giobagnara stocks a wide range of colours on both the leather and the thread. We can personalize as well metal and wooden parts, stitch pattern, and any logo, embroidering or embossing that might be desired.

STITCHING

stitching can be white or tone-on-tone
or contrasting colour from the leather's.

GIOBAGNARA
FINISHES

A DESIGN OF ENDLESS POSSIBILITIES

GIOBAGNARA features a portfolio of more than 2500 pieces with hundreds of options: leather type, color, stitching, metal finish. Every single detail plays its part to create an inimitable and unique product that always lives up to expectations.

A FULL-COLOR CONCEPT

The sensual strength of leather enhances items used and enjoyed on a daily basis. The choice is wide and the palette of colors plays on endless associations with more than 300 finishes. The selection ranges from traditional leathers such as calfskin, which is enriched by the ability to choose from many elegant textures, to exotic varieties including genuine shagreen and crocodile.

CARE & MAINTENANCE TIPS

Leather’s charm is due to its shifts in nuances, varying textures, in-built freshness and natural subtle changes which make every piece unique. When handling such a versatile material, its appearance will be shaped by the choices in taking care of it. GIOBAGNARA has been constantly looking, for more than twenty years, for solutions to create technical finishes able to grant leather with stunning properties, such as unrivalled resistance and durability. However, it is essential to keep in mind a few tips in order to preserve your goods’ appeal for years to come.

DO

Do regularly clean leather with a soft brush or cloth;
Do blot away water or moisture as soon as possible;
Do dry wet leather naturally, away from artificial heat;
Do clean spots and stains with a mixture of soap flakes and warm water.

DO NOT

Do not machine wash leather;
Do not immerse leather in water to clean;
Do not get leather wet wherever possible;
Do not dry wet leather next to a radiator or with a hair dryer;
Do not leave leather in excessively wet, dry, cold or hot places for a long period of time.

CALFSKIN

To polish leather, we recommend to clean it gently with a soft cloth dampened with warm water or a small brush and, if necessary, with mild soap. Lighter tones are more susceptible to noticeable spots and tears, so cleaning is essential to maintain a pristine finish. It is important to avoid using abrasive cleaning methods and alcohol-based detergents, especially for leathers with a smooth finish.

SUEDE

When handling suede, dry cleaning methods are advisable: this finish requires the use of a brush or a special rubber for suede cleaning. Wet conditions should be avoided and water should not be used during the cleaning process; accidental spills can be blotted away with a clean, dry cloth. Be sure not vigorously rub the surface.

PONY & SHEARLING

It is recommended to clean gently with a small brush or a soft cloth dampened with warm water (in this case, it is important to remember to let it dry naturally).

EXOTIC LEATHER

When cleaning exotic leathers such as real shagreen and crocodile, always be sure to work with the grain. While standard cleaning methods such as soap and water and specialised leather cleaning solutions can be applied, it's important to thoroughly remove any product build up from grooves and crevices after cleaning. This can be achieved by gently buffing your products with a soft brush.

RABIT11969'S
FINISHES

VEGETABLE TANNED
SADDLE LEATHER
COLOUR CHART

All leathers are provided with a water resistant finish.
Thanks to an exclusive treatment, the saddle leather
dries perfectly, doesn't lose its characteristics and
doesn't leave color stains after being in contact with water.
Ideal for towel baskets.

METAL FINISHES

Choose from 2 standard finishes or inquire about custom options.

BRUSHED BRONZE

BRUSHED BRASS

RUDI'S
FINISHES

CUSTOMIZATION

It is possible to provide products with an even more exclusive feeling requesting a debossed customization. Choose the stamps' sizes and to either apply or not a foil. Debossing foils feature a wide number of colors; the selection plays on endless associations and includes metallic finishes.

TECNOCUOIO®

Trademarked by the company in 1996, this innovative material is composed of 65% genuine leather castoffs tanned with vegetal extracts, 18% natural latex (extract from the rubber tree), 10% water, 5% natural fats and 2% natural coloring agents and salts. Rudi utilizes a production technique that adheres to a zero-waste philosophy that is eco-friendly and functional. The result is a high quality regenerated leather boasting elasticity that is both UV-resistant and water-resistant and which features a perfectly smooth surface.
